Letter Grade	Grade Points	Description	Range of Marks(%)
O	10	Outstanding	90-100
A+	9	Excellent	80-89
A	8	Very Good	70-79
B+	7	Good	60-69
B	6	Above Average	50-59

F	0	Fail	0-34
Ab	0	Absent	Absent

15.6 In cases statutory bodies of the programme issue the guidelines regarding the minimum passing percentage of marks, then grading will be done in the following manner:

If the marks obtained by the student in a course are less than the minimum cut-off percentage of marks, then F grade will be awarded Otherwise, the grades will be awarded as per above- mentioned table.

15.7 If a student obtains F or Ab grade in any course(s), he/she will be treated as having failed in the course(s). In case the student secures less than half of the total credits in any semester, then the student will be declared fail in that semester and he/she will be asked to repeat the entire semester and that semester will be treated as zero semester in such cases the student will not be promoted to the next semester.

If a student passes in all the courses offered in any semester, then the student will be declared pass in that semester. If a student secures at least half of the total credits in a semester and fails in some courses offered in that semester then he/she will be provisionally promoted to the next semester with ATKT (Allowed to keep terms) in those courses in which he/she fails.

If the student fails to pass all the courses in the next ATKT examination the provisional promotion will be terminated but he/she will be given second chances to pass the failed courses. The guidelines of the University/SWAYAM portal/UGC shall be followed for evaluation and certification of MOOCs Vocational courses, Field-Projects Internship/Apprenticeship/Community engagement and service/Research Project.

17 Calculation of SGPA/CGPA:

17.1 Semester Grade Point Average (SGPA) is a measure of performance of the student in a semester. It is the ratio of total credit points secured by a student in various courses registered in that semester and the total course credits taken during that semester, i.e

$$SGPA (Si) = \frac{\sum(Ci * Gi)}{\sum Ci}$$

Where Si is the ith year, Ci is the number of credits of the ith course in the semester (Si) and Gi is the grade point scored by the student in the ith course.

17.2 The Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) will be calculated as weighted average of credits points secured by the student, except the credits of additional courses if any. The SGPA and CGPA shall be rounded off up to 2 decimal places and reported in the grade sheet

Calculation of SGPA

Course	Credits(C)	Grade	Grade Point (GP)	Credit Points (C*GP)	SGPA (Total Credit Point/Total Credit)
Course 1	6	A	8	48	146/20 = 7.30
Course 2	6	C	5	30	
Course 3	4	B+	7	28	
Course 4	4	O	10	40	
Total	20			146	

17.3 CGPA is a measure of the overall cumulative performance of a student over all semester completed. The CGPA is the ratio of total credit points secured by a student in various courses in all the semesters completed and the sum of the credits of all courses in all the semesters completed. The CGPA will be calculated as per follows

$$CGPA = \frac{\sum[Ci \times SGPA(Si)]}{\sum Ci}$$

Where SGPA (Si) is the SGPA of the ith year and Ci is the total number of credits in the ith semester

Calculation of CGPA:

Semester	Credits	SGPA	Credits× AGPA	CGPA
1	20	7.50	150.00	CGPA= Total (Credits× SGPA)/ Total Credits CGPA= 1229.60/160 = 7.685≈7.69 (round off to second decimal point)
2	20	7.58	151.60	
3	20	7.32	146.40	
4	20	8.34	166.80	
5	20	7.58	151.60	
6	20	7.32	146.40	
7	20	8.34	166.80	
8	20	7.50	150.00	
Total	160		1229.60	

- 18 On completing all requirements for the award of the undergraduate certificate/diploma/degree, the CGPA will be calculated and this value will be indicated on the certificate /diploma/degree. The 3-years (6 semester) and 4-years (8 semester) undergraduate degrees should also indicate the Division obtained as per follows.

Division	Criterion
First division with distinction	The candidate has earned minimum number of credits for the award of the degree with CGPA of 8.00 or above
First division	The candidate has earned minimum number of credits required for the award of the degree with CGPA of 6.50 above but less than 8.0

12.2 Guidelines. General guidelines for award of Grades are as follows:-

- (a) Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.

- (b) The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
- The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.
2. G_1, G_2, G_3 , are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-

I - Semester

Course Code	Associated Course Credits	Grade awarded	Credits earned	Grade Points	Point earned
(1)	(2)	(3)	(4)	(5)	(6)
MAL 101	5	(+)	5	4	20
CSL 102	4	C	0	3	12
PHP 103	4	A	4	9	36
PHP 104	3	B	3	6	18
MEL 105	4	F	0	0	00

AML 106	4	3 (-)	4	5	20
Total	24		16		106

Total associated credits in the semester (Total of column 2) = 24
 Earned credits in the semester (Total of column 4) = 16
 Points secured in this semester (Total of column 6) = 106

$$SGPA = \frac{\text{Points secured in the semester}}{\text{Credits Units in Courses appeared}} = \frac{106}{24} = 4.42$$

CGPA is not applicable in first semester

II Semester

Course Code	Associated Course Credits	Grade Awarded	Earned Credits	Grade Point	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 201	5	A (+)	5	10	50
EEL 202	5	B (+)	5	7	35
CYL 203	5	C (+)	5	4	20
CYP 204	4	A	4	9	36
MEL 205	4	B	4	6	24
AML 206	5	C	0	3	15
HUL 207	3	F	0	0	00
Total	31		23	39	180

Note:-

1. Associated Credit Units in the semester (Total of Column 2) = 31
2. Earned Units in the semester (Total of Column 4) = 23
3. Cumulative Associated Credit Units (In previous semester 24 and current semester 31) = 55, Points secured in II semester (Total of column 6) = 180, Cumulative points secured (Total of points secured in Ist semester 106 and in Semester 180) = 286

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem}}{\text{Cumulative Associated Credit Units in I & II Semesters}} = \frac{286}{55} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.
- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.
- 12.8 **Division.** The successful candidates shall be placed in Divisions as below:-
 (a) The successful candidates in PG programme shall be placed in Division as below: -

CGPA

- 8.5 and above
 6.5 but less than 8.5
 6.0 but less than 6.5 for PG programmes

EQUIVALENT DIVISION

- First Class with Distinction
 First Division
 Second Division

13. **Passing Criteria.**

13.1 **Credit Units.** A student who has earned minimum number of credits prescribed for the concerned programme as per Structure, Curriculum and Scheme of Examinations, shall be declared to have passed the programme of study. Credit Units for each programme shall be decided by the Board of Studies of each Institution and shall normally be as follows:-

	<u>Minimum</u>	<u>Maximum</u>
	(Average per semester)	(Average per semester)
(a) Post Graduate Programme	30	35
(b) Integrated Programme	30	35

Note :- The minimum Credit Units prescribed for a programme shall not include the Credit for Value Addition Courses (VAC)/ Basket courses (BC). However, Passing in VAC/Credit Earned in BC is mandatory. The detailed guidelines for curriculum be developed keeping the prescribed minimum credit unit in mind.

13.2 **Important Aspects.**

- The weightage of ESE will be 70% and that of Continuous Internal Assessment will be 30%.
- The condition for qualifying separately in Continuous Internal Assessment is not mandatory. However, a student is required to secure minimum 30% marks separately in ESE. Minimum aggregate marks of 40% in PG Courses are to be considered 'PASS' in each Course Unit. These percentages may be modified by the Academic Council from time to time.
- The internal assessment will be completed within the semester and the result will be forwarded to Examination Centre before the commencement of the ESE.

F	0	Fail	0-34
Ab	0	Absent	Absent

15.6 In cases statutory bodies of the programme issue the guidelines regarding the minimum passing percentage of marks, then grading will be done in the following manner:

If the marks obtained by the student in a course are less than the minimum cut-off percentage of marks, then F grade will be awarded Otherwise, the grades will be awarded as per above- mentioned table.

15.7 If a student obtains F or Ab grade in any course(s), he/she will be treated as having failed in the course(s). The guidelines of the University/SWAYAM portal/UGC shall be followed for evaluation and certification of MOOCs Vocational courses, Field-Projects Internship/Apprenticeship/Community engagement and service/Research Project.

17 Calculation of SGPA/CGPA:

17.1 Semester Grade Point Average (SGPA) is a measure of performance of the student in a semester. It is the ratio of total credit points secured by a student in various courses registered in that semester and the total course credits taken during that semester, i.e

$$SGPA (Si) = \frac{\sum(Ci * Gi)}{\sum Ci}$$

Where Si is the i^{th} year, Ci is the number of credits of the i^{th} course in the semester (Si) and Gi is the grade point scored by the student in the i^{th} course.

17.2 The Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA) will be calculated as weighted average of credits points secured by the student, except the credits of additional courses if any. The SGPA and CGPA shall be rounded off up to 2 decimal places and reported in the grade sheet.

Calculation of SGPA

Course	Credits(C)	Grade	Grade Point (GP)	Credit Points (C*GP)	SGPA (Total Credit Point/Total Credit)
Course 1	6	A	8	48	146/20 = 7.30
Course 2	6	C	5	30	
Course 3	4	B+	7	28	
Course 4	4	O	10	40	
Total	20			146	

17.3 CGPA is a measure of the overall cumulative performance of a student over all semester completed. The CGPA is the ratio of total credit points secured by a student in various courses in all the semesters completed and the sum of the credits of all courses in all the semesters completed. The CGPA will be calculated as per follows

$$CGPA = \frac{\sum[Ci \times SGPA(Si)]}{\sum Ci}$$

Where SGPA (Si) is the SGPA of the i^{th} year and Ci is the total number of credits in the i^{th} semester

Calculation of CGPA:

Semester	Credits	SGPA	Credits× AGPA	CGPA
1	20	7.50	150.00	CGPA= Total (Credits× SGPA)/ Total Credits CGPA= 1229.60/160 = 7.685≈7.69 (round off to second decimal point)
2	20	7.58	151.60	
3	20	7.32	146.40	
4	20	8.34	166.80	
5	20	7.58	151.60	
6	20	7.32	146.40	
7	20	8.34	166.80	
8	20	7.50	150.00	
Total	160		1229.60	

18..On completing all requirements for the award of the undergraduate certificate/diploma/degree, the CGPA will be calculated and this value will be indicated on the certificate /diploma/ degree. The 3-years (6 semester) and 4-years (8 semester) undergraduate degrees should also indicate the Division obtained as per follows.

Division	Criterion
First division with distinction	The candidate has earned minimum number of credits for the award of the degree with CGPA of 8.00 or above
First division	The candidate has earned minimum number of credits required for the award of the degree with CGPA of 6.50 above but less than 8.0
Second division	The candidate has earned minimum number of credits required for the award of the degree with CGPA of 5.00 or above but less than 6.50
Pass	The candidate has earned minimum number of credits required for the award of the degree with CGPA of 4.00 or above but less than 5.00

The conversion of CGPA into percentage will be as follow to facilitate its application in other academic matters.

Equivalent Percentage = CGPA×10

The percentage will be rounded off up to the second decimal point

- 19 The student will be examined by the University as per the prevailing syllabus and scheme of examination.
- 20 The candidate shall be awarded a certificate/diploma/degree when he/she successfully earns the minimum required credits for the certificate/degree/diploma
- 21 A Grade Card shall be issued to all the students after every semester based on the grades earned. The course details (code, title, number of credits, grades secured) along with SGPA of every semester and CGPA earned till that Academic Year will be displayed in the grade card.
- 22 Grade sheets will be developed by the University based on model Annexures S1 to S4.

23 Credit Transfer:

- 23.1** The credit transfer shall be implemented as per the policy of the University framed in accordance with the guidelines issued by the UGC from time to time.

- 25** The guidelines, related to this programme, issued by the statutory bodies e.g, UGC/AICTE/PCI/BCI/RCI issued from time to time will be adopted for implementation.
- 26** In matters not covered under this Ordinance, general rules of the University shall be applicable.
- 27** If UGC notifies any change in future in its Regulations in this regard, the same will be incorporated in the existing Ordinance with the approval by the Academic Council and Board of Management of the University.

NOTE: In every year course./Programme structure may be revised in Board of Studies meeting

10. Early Exit:

After the successful completion of 3rd year (VI Sem) of dual degree programme the student may opt for exit with B.Sc. (Hons.) Biotechnology.

EXAMINATIONS**11 Course Evaluation.**

11.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.

11.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.

11.3 Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected

11.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	Frequency	Code	Weightage (%)
Case Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	
Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	
Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.

11.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

12**Attendance.**

12.1 **Important Aspects.** The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI / HoD is mandatory.

- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be struck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

13 Duration of Academic Programmes.

- 13.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.
- 13.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

14 Assessment / Grading System.

- 14.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE - A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Fair	6
B-	Satisfactory	5
C+	Pass	4
C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

14.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- (a) Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- (b) The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
 - (i) The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - (ii) The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - (iii) The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

14.3 **Conversion of Numerical Marks into Letter Grades.**

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

14.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.
2. G_1, G_2, G_3 , are the Grade Point of the letter grades awarded in the respective Course.

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10**Attendance.****10.1 Important Aspects.** The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI / HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be stuck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic

years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 **Assessment / Grading System.**

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE - A

Grade	Qualitative Meaning	Grade Point Attached

B+	Good	7
B	Fair	6
B-	Satisfactory	5

S	Successful	-

12.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.

- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
 - (i) The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - (ii) The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - (i) The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

Notes:-

- The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.

2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.

9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI / HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be stuck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. 12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE - A

A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7

S	Successful	-

12.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- (a) Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- (b) The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.

- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
- The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

Relative Grading System			Grade Point	Absolute Grading System

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U1, U2, U3 denote credits associated with courses taken by the Student.
2. G1, G2, G3, are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-

I - Semester

Course Code	Associated Course Credits	Grade Awarded	Credits Earned	Grade Points	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 101	5	C (+)	5	4	20
CSL 102	4	C	0	3	12
PHP 103	4	A	4	9	36
PHP 104	3	B	3	6	18
MEL 105	4	F	0	0	00
AML 106	4	B (-)	4	5	20
Total	24		16		106

Total associated credits in the semester (Total of column 2) = 24

Earned credits in the semester (Total of column 4) = 16

Points secured in this semester (Total of column 6) = 106

$$SGPA = \frac{\text{Points secured in the semester}}{\text{Credits Units in Courses appeared}} = \frac{106}{24} = 4.42$$

CGPA is not applicable in first semester

II Semester

Course Code	Associated Course Credits	Grade Awarded	Earned Credits	Grade Point	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 201	5	A (+)	5	10	50
EEL 202	5	B (+)	5	7	35
CYL 203	5	C (+)	5	4	20
CYP 204	4	A	4	9	36

MEL 205	4	B	4	6	24
AML 206	5	C	0	3	15
HUL 207	3	F	0	0	00
Total	31		23	39	180

Note:-

1. Associated Credit Units in the semester (Total of Column 2) = 31
2. Earned Units in the semester (Total of Column 4) = 23
3. Cumulative Associated Credit Units (In previous semester 24 and current semester 31) = 55., Points secured in II semester (Total of column 6) = 180, Cumulative points secured (Total of points secured in 1st semester 106 and in Semester 180) = 286

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem}}{\text{Cumulative Associated Credit Units in I & II Semesters}} = \frac{286}{55} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.
- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.
- 12.8 **Division.** The successful candidates shall be placed in Divisions as below:-
(a) The successful candidates in PG programme shall be placed in Division as below: -

9.1.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.

9.1.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.

The credits for the project and the dissertation shall be based on the quantum of work expected.

9.1.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	Frequency	Code	Weightage (%)
Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	
Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	
Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
Semester Examination	1	EE	70%
			100%

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.

- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10 Attendance.

10.1 Important Aspects. The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI/HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be stuck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.
- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE - A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Fair	6
B-	Satisfactory	5

C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

- 12.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with

Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.

- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
- The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B

TABLE - B

Relative Grading System			Grade Point	Absolute Grading System
Lower Range of Marks	Grade	Upper Range of Marks		Minimum % of marks for letter grade for PG/ Dual Degree/ Integrated Programme

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1G_1 + U_2G_2 + U_3G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U₁, U₂, U₃ denote credits associated with courses taken by the Student.
2. G₁, G₂, G₃, are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-

I-Semester

Course Code	Associated course Credit	Grade Awarded	Credits Earned	Grade Points	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 101	5	C (+)	5	4	20

Points secured in this semester (Total of column 6) = 106

$$SGPA = \frac{\text{Points secured in the semester}}{\text{Credits Units in Courses appeared}} = \frac{106}{24} = 4.42$$

CGPA is not applicable in first semester

II Semester

Course Code	Associated Course Credits	Grade Awarded	Earned Credits	Grade Point	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 201	5	A (+)	5	10	50

AML 206	5	C	0	3	15
HUL 207	3	F	0	0	00

Note:-

1. Associated Credit Units in the semester (Total of Column 2) = 31
2. Earned Units in the semester (Total of Column 4) = 23
3. Cumulative Associated Credit Units (In previous semester 24 and current semester 31) = 55., Points secured in II semester (Total of column 6) = 180, Cumulative points secured (Total of points secured in 1st semester 106 and in Semester 180) = 286

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem}}{\text{Cumulative Associated Credit Units in I & II Semesters}} = \frac{286}{55} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.
- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.

12.8 **Division.** The successful candidates shall be placed in Divisions as below:-

- (a) The successful candidates in UG programme shall be placed in Division as below: -

NOTE: In every year course /Programme structure may be revised in Board of Studies meeting.

9 EXAMINATIONS

9.1 Course Evaluation.

- 9.1.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.
- 9.1.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.
- 9.1.3 Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected.
- 9.1.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	Frequency	Code	Weightage
Case Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	
Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	

Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10 Attendance.**10.1 Important Aspects.** The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI/HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be struck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for

concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.

- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE – A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Fair	6
B-	Satisfactory	5
C+	Pass	4
C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

- 12.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.

- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
 - (i) The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - (ii) The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - (iii) The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

Relative Grading System			Grade Point	Absolute Grading System

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1G_1 + U_2G_2 + U_3G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.

2. G1, G2, G3, are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-

I – Semester

Course Code	Associated Course Credits	Grade Awarded	Credits Earned	Grade Points	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 101	5	C (+)	5	4	20

$$SGPA = \frac{\text{Points secured in the semester}}{\text{Credits Units in Courses appeared}} = \frac{106}{24} = 4.42$$

CGPA is not applicable in first semester

Note:-

1. Associated Credit Units in the semester (Total of Column 2) = 31
2. Earned Units in the semester (Total of Column 4) = 23
3. Cumulative Associated Credit Units (In previous semester 24 and current semester 31) = 55., Points secured in II semester (Total of column 6) = 180, Cumulative points secured (Total of points secured in 1st semester 106 and in Semester 180) = 286

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem}}{\text{Cumulative Associated Credit Units in I & II Semesters}} = \frac{286}{55} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.
- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.

- 12.8 **Division.** The successful candidates shall be placed in Divisions as below:-
(a) The successful candidates in UG programme shall be placed in Division as below: -

CGPA
DIVISION

EQUIVALENT

8.5 and above	First Class with Distinction
6.5 but less than 8.5	First Division
5.0 but less than 6.5 for UG programmes	Second Division

13 **Passing Criteria.**

- 13.1 **Credit Units.** A student who has earned minimum number of credits prescribed for the concerned programme as per Structure, Curriculum and Scheme of Examinations, shall be declared to have passed the programme of study. Credit Units for each programme shall be decided by the Board of Studies of each Institution and shall normally be as follows:-

Minimum

Maximum

(Average per semester) (Average per semester)

(a) Under Graduate Programme	25	30
------------------------------	----	----

P. N. O.

Note :- The minimum Credit Units prescribed for a programme shall not include the Credit for Value Addition Courses (VAC)/ Basket courses (BC). However, Passing in VAC/Credit Earned in BC is mandatory. The detailed guidelines for curriculum be developed keeping the prescribed minimum credit unit in mind.

13.2 Important Aspects.

- (a) The weightage of ESE will be 70% and that of Continuous Internal Assessment will be 30%.
- (b) The condition for qualifying separately in Continuous Internal Assessment is not mandatory. However, a student is required to secure minimum 30% marks separately in ESE. Minimum aggregate marks of 35% in UG Courses are to be considered 'PASS' in each Course Unit. These percentages may be modified by the Academic Council from time to time.
- (c) The internal assessment will be completed within the semester and the result will be forwarded to Examination Centre before the commencement of the ESE.
- (d) There will be no provision for appearing in any component of CIE in subsequent semesters. Hol's may conduct make up testes, if required, due to valid reasons, within the same semester.
- (e) The students who are unable to score passing SGPA / CGPA for award of degree/diploma by AUMP because of having obtained Zero mark in the Internal assessment in any course/courses shall be eligible to repeat the internal assessment of the relevant course/courses in the following cases:-
 - (a) Extended period (n+1) or beyond as the case may be
 - (ii) Year Back
to make up the deficiency in/of SGPA/CGPA to be eligible for award of degree. Such students shall be required to pay readmission fee of Rs.15,000/- along with 25% academic fee of the current academic year / semester (as applicable) and back paper fee for each course. These students shall be required to attend the classes for continuous internal assessment and obtain minimum 75% attendance in the course concerned.
- (f) The students who are already qualified in internal assessment of all components as prescribed in the Scheme of Teaching and Evaluation will not be eligible to re-appear for improvement of qualifying score of internal assessment.
- (g) In Internal Assessment, five marks are allotted to attendance as under:-

<u>Percentage of Attendance (%)</u>	<u>Marks</u>
More than 95	5
More than 90 and upto 95	4
More than 85 and upto 90	3
More than 80 and upto 85	2
More than 75 and upto 80	1
Upto 75	0

Note :- There will be no negative marking for attendance below 75%.

- 13.3 However, a student must pass in summer training or project dissertation (wherever prescribed) separately by securing at least C+ Grade.

- 13.4 Student of both UG programmes at the end of the course should have passed in each term / semester separately. Wherein To clear / pass a course student should have attained minimum SGPA of 4.5 in each semester for UG courses beside attaining minimum CGPA of 5 in UG courses.
- 13.5 Successful completion of a programme by the student can only be attained by securing a minimum specified CGPA at the end of the final year as specified by the Academic Council for an Under Graduate Programme.

14. MERIT LIST:

Merit List of students is declared after the completion of course on the basis of integrated performance of three years of LLB(H) program.

2.1.3. This program is offered by the concerned faculty after the recommendations of Board of studies/faculty, approval of Academic council & Board of management and approval from the Pharmacy Council of India, New Delhi.

3. DURATION OF THE PROGRAM:

3.1 The B. Pharmacy shall be a full time undergraduate degree program of four academic years (eight semesters) and three academic years (six semesters) for lateral entry students.

3.2 Each semester shall consist of not less than 100 working days. The odd semesters shall be conducted from the month of June/July to November/December and the even semesters shall be conducted from December/January to May/June in every calendar year.

3.3 Courses are broadly classified as "theory" or "practical." Theory courses consist of lecture (L) and /or tutorial (T) hours, and practical (P) courses consist of hours spent in the laboratory.

3.4 Credits (C) for a course are dependent on the number of hours of instruction per week in that course and are obtained by using a multiplier of one (1) for lecture and tutorial hours, and a multiplier of half (1/2) for practical (laboratory) hours. Thus, for example, a theory course having three lectures and one tutorial per week throughout the semester carries a credit of 4. Similarly, a practical having four laboratory hours per week throughout the semester carries a credit of 2.

3.5 One hour of conduct of Lecture/Tutorial or two hours of Practical work shall be equal to one credit.

3.6 A student shall be eligible to carry forward all the courses of I, II and III semesters till the IV semester examinations. However, he/she shall not be eligible to attend the courses of V semester until all the courses of I and II semesters are successfully completed.

3.7 A student shall be eligible to carry forward all the courses from the III, IV and V semesters till the VI semester examinations. However, he/she shall not be eligible to attend the courses of VII semester until all the courses of I, II, III and IV semesters are successfully completed.

3.8 A student shall be eligible to carry forward all the courses from the V, VI and VII semesters till the VIII semester examinations. However, he/she shall not be eligible to get the course completion certificate until all the courses of I, II, III, IV, V and VI semesters are successfully completed.

3.9 A lateral entry student shall be eligible to carry forward all the courses of III, IV and V semesters till the VI semester examinations. 9 EXAMINATIONS

9.1 Course Evaluation.

- 9.1.1** The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.
- 9.1.2** In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.
- 9.1.3** Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected.
- 9.1.4** Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	Frequency	Code	Weightage (%)
Case Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	
Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	
Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

- The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 - The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5** The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in

the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10 Attendance.

10.1 Important Aspects. The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI/HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be struck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.
- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE – A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Fair	6
B-	Satisfactory	5
C+	Pass	4
C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

12.2 Guidelines. General guidelines for award of Grades are as follows:-

- (a) Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- (b) The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
 - (i) The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - (ii) The close clusters, if any on either side, the bands for awards on grades will be decided manually.

- (iii) The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B

TABLE – B

Relative Grading System			Grade Point	Absolute Grading System
Lower Range of Marks	Grade	Upper Range of Marks		Minimum % of marks for letter grade for PG/ Dual Degree/ Integrated Programme
$\geq (X + 1.5 s)$ but $\nless 80$	A+	100	10	80

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1G_1 + U_2G_2 + U_3G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U₁, U₂, U₃ denote credits associated with courses taken by the Student.
2. G₁, G₂, G₃, are the Grade Point of the letter grades awarded in the respective Course.

3. An example of these calculations is given below:-

I-Semester

More than 90 and upto 95	4
More than 85 and upto 90	3

More than 80 and upto 85	2
More than 75 and upto 80	1
Upto 75	0

Note :- There will be no negative marking for attendance below 75%.

13.3 However, a student must pass in summer training or project dissertation (wherever prescribed) separately by securing at least **C+ Grade**.

13.4 Student of both UG programmes at the end of the course should have passed in each term / semester separately. Wherein To clear / pass a course student should have attained minimum SGPA of 4.5 in each semester for UG courses beside attaining minimum CGPA of 5 in UG courses.

9 EXAMINATIONS**9.1 Course Evaluation.**

- 9.1.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.
- 9.1.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.
- 9.1.3 Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory

classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected.

- 9.1.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester:-

Component of Evaluation	Frequency	Code	Weightage (%)
Case Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	
Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	
Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10 Attendance.

- 10.1 Important Aspects. The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI / HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be struck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.
- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by

CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE – A

Grade	Qualitative Meaning	Grade Point Attached

A	Excellent	9
A-	Very Good	8
B+	Good	7

12.2 Guidelines. General guidelines for award of Grades are as follows:-

- (a) Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- (b) The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
 - (i) The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - (ii) The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - (i) The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies
- (k)

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE - B

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.
2. G_1, G_2, G_3 , are the Grade Point of the letter grades awarded in the respective Course.

3. An example of these calculations is given below:-

9. EXAMINATIONS**9.1 Course Evaluation.**

- 9.1.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.
- 9.1.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.
- 9.1.3 Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected.

- 9.1.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	frequency	Code	Weightage (%)
Case Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	
Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	
Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10 Attendance.

10.1 Important Aspects. The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI/HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be struck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be

governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.
- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE – A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Fair	6
B-	Satisfactory	5
C+	Pass	4
C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

- 12.2 Guidelines. General guidelines for award of Grades are as follows:-

- Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.

- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
- The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

Relative Grading System			Grade Point	Absolute Grading System
Lower Range of Marks	Grade	Upper Range of Marks		Minimum % of marks for letter grade for PG/ Dual Degree/ Integrated Programme

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.
2. G_1, G_2, G_3 , are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem 286}}{\text{Cumulative Associated Credit Units in I & II Semesters 55}} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.
- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between

9 EXAMINATIONS

9.1 Course Evaluation.

- 9.1.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.
- 9.1.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.
- 9.1.3 Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected.
- 9.1.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	Frequency	Code	Weightage (%)
Case Discussion/Presentations/Analysis	1-3	C	25%

Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

- The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 - The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10

Attendance.**10.1 Important Aspects.** The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI / HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be stuck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.
- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE - A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7

B	Fair	6
B-	Satisfactory	5

C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

12.2 Guidelines. General guidelines for award of Grades are as follows:-

- (a) Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- (b) The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- (c) A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- (d) Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- (e) In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.
- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
 - (i) The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - (ii) The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - (i) The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good

performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.

- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

Relative Grading System			Grade Point	Absolute Grading System
Lower Range of Marks	Grade	Upper Range of Marks		Minimum % of marks for letter grade for PG/ Dual Degree/Integrated Programme
$\geq (X+1.5 s)$ but $\nless 80$	A+	100	10	80

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1G_1 + U_2G_2 + U_3G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U1,U2,U3 denote credits associated with courses taken by the Student.
2. G1, G2, G3, are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:

I - Semester

Course Code	Associated Course Credits	Grade Awarded	Credits Earned	Grade Points	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 101	5	C (+)	5	4	20

PHP 103	4	A	4	9	36
PHP 104	3	B	3	6	18
MEL 105	4	F	0	0	00
AML 106	4	B (-)	4	5	20
Total	24		16		106

Total associated credits in the semester (Total of column 2) = 24
 Earned credits in the semester (Total of column 4) = 16
 Points secured in this semester (Total of column 6) = 106

$$SGPA = \frac{\text{Points secured in the semester}}{\text{Credits Units in Courses appeared}} = \frac{106}{24} = 4.42$$

CGPA is not applicable in first semester

II Semester

Course Code	Associated Course Credits	Grade Awarded	Earned Credits	Grade Point	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 201	5	A (+)	5	10	50
EEL 202	5	B (+)	5	7	35
CYL 203	5	C (+)	5	4	20
CYP 204	4	A	4	9	36
MEL 205	4	B	4	6	24
AML 206	5	C	0	3	15
HUL 207	3	F	0	0	00
Total	31		23	39	180

Note:-

1. Associated Credit Units in the semester (Total of Column 2) = 31
2. Earned Units in the semester (Total of Column 4) = 23
3. Cumulative Associated Credit Units (In previous semester 24 and current semester 31) = 55., Points secured in II semester (Total of column 6) = 180, Cumulative points secured (Total of points secured in 1st semester 106 and in Semester 180) = 286

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem}}{\text{Cumulative Associated Credit Units in I & II Semesters}} = \frac{286}{55} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.
- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.

12.8 **Division.** The successful candidates shall be placed in Divisions as below:-

(a) The successful candidates in PG programme shall be placed in Division as below: -

CGPA

NOTE: In every years course /Programme structure may be revised in Board of Studies meeting.

9 EXAMINATIONS

9.1 Course Evaluation.

9.1.1 The course structures and examinations shall normally be based on Semester System. However, the Academic Council may approve Trimester/Annual System for specified programmes.

9.1.2 In addition to end term examinations, student shall be evaluated for his academic performance in a course through case discussions, presentations, analysis, practical's, home work assignments, term papers, projects, field work, seminars, quizzes, class tests or any other mode as may be prescribed in the syllabi. The basic structure of each course shall be prescribed by the Board of Studies and approved by the Academic Council.

9.1.3 Each course shall have a number of credits assigned to it depending upon the academic load of the course which shall be assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, field study and/ or self study. The credits for the project and the dissertation shall be based on the quantum of work expected.

9.1.4 Depending upon the nature of the programme, the components of internal assessment may vary. However, the following suggestive table indicates the distribution of marks for various components in a semester: -

Component of Evaluation	Frequency	Code	Weightage (%)
Case Discussion/Presentations/Analysis	1-3	C	25%
Home Assignment	1-3	H	

Projects	1	P	
Seminars	1-2	S	
Viva-Voce	1-2	V	
Quiz/Class Test(s)	1-3	Q/CT	
Attendance	100%	A	5%
End Semester Examination	1	EE	70%
Total			100%

Notes:-

1. The above components for continuous evaluation, in addition to the class test(s) and their weightage shall be selected so as to have a combined weightage of 30 marks.
 2. The total number of components for continuous evaluation, including class test(s) and attendance should be 4-5.
- 9.1.5 The distribution of weightage for each internal assessment component shall be decided by the concerned Board of Studies and approved by the Academic Council. Change in the weightage of the internal assessment and ESE, if required will be carried out on approval of the Board of Management.

10**Attendance.****10.1 Important Aspects.** The important points emphasized upon are as follows:-

- (a) Students are expected to have 100% attendance in all course units.
- (b) Relaxation of maximum 25% may be allowed to cater for sickness or other valid reasons beyond the control of the students for which written permission of HoI / HoD is mandatory.
- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.
- (g) If a student remains absent continuously for 30 days without permission, his name will be stuck off. Such a student may apply for re-admission. The HoI/ HoD will examine his performance in all semesters and back log of papers and forward recommendations to Hon VC's office to decide as to whether he should be given re-admission or not. Based on the recommendations, decision for re-admission and the semester in which re-admission is to be given will be taken. The student granted re-admission will be required to pay the prescribed re-admission fee and will be governed by Academic Regulations given above. The attendance will be calculated as per the decision taken at the time of granting re-admission.

11 Duration of Academic Programmes.

- 11.1 The minimum period required for completion of a programme shall be as specified in the Scheme of Teaching and Examination and Syllabi for concerned programme and approved by the Academic Council on the recommendations of the Board of Studies.

- 11.2 The maximum permissible period for completing a programme upto two academic years shall be N+1 year (two semesters) and for the programmes of more than two academic years duration, the maximum permissible period shall be N+2 academic years (four semesters), where "N" represents the minimum duration of the programme.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

TABLE - A

Grade	Qualitative Meaning	Grade Point Attached
A+	Outstanding	10
A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Fair	6
B-	Satisfactory	5
C+	Pass	4
C	Border Line	3
F	Fail	0
I	Incomplete	0
DE	Debarred	0
AB	Absent	0
U	Unsuccessful	-
S	Successful	-

- 12.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.

- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
- The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE – B

Relative Grading System			Grade Point	Absolute Grading System
Lower Range of Marks	Grade	Upper Range of Marks		Minimum % of marks for letter grade for PG/ Dual Degree/Integrated Programme

12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1G_1 + U_2G_2 + U_3G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.
2. G_1, G_2, G_3 , are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-

I - Semester

Course Code	Associated Course Credits	Grade Awarded	Credits Earned	Grade Points	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 101	5	C (+)	5	4	20

Total associated credits in the semester (Total of column 2) = 24

Earned credits in the semester (Total of column 4) = 16

Points secured in this semester (Total of column 6) = 106

$$SGPA = \frac{\text{Points secured in the semester}}{\text{Credits Units in Courses appeared}} = \frac{106}{24} = 4.42$$

CGPA is not applicable in first semester

II Semester

Course Code	Associated Course Credits	Grade Awarded	Earned Credits	Grade Point	Point Secured
(1)	(2)	(3)	(4)	(5)	(6)
MAL 201	5	A (+)	5	10	50

AML 206	5	C	0	3	15
HUL 207	3	F	0	0	00
Total	31		23	39	180

Note:-

1. Associated Credit Units in the semester (Total of Column 2) = 31

2. Earned Units in the semester (Total of Column 4) = 23

3. Cumulative Associated Credit Units (In previous semester 24 and current semester 31) = 55., Points secured in II semester (Total of column 6) = 180, Cumulative points secured (Total of points secured in 1st semester 106 and in Semester 180) = 286

$$SGPA = \frac{\text{Points secured in II Semester}}{\text{Credit Units of appeared courses in II semester}} = \frac{180}{31} = 5.806$$

$$CGPA = \frac{\text{Cumulative points secured in all passed course in I & II Sem}}{\text{Cumulative Associated Credit Units in I & II Semesters}} = \frac{286}{55} = 5.20$$

- 12.5 In the case of Trisemester or Annual system of evaluation of students performance, Trisemester Grade Point Average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.

- 12.6 In final Grade Card will indicate CGPA which shall be calculated as given at Para 4.4 above and shall be based only on Grade Points obtained in courses for which units have been earned.
- 12.7 Conversions from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.
- 12.8 **Division.** The successful candidates shall be placed in Divisions as below:-
(a) The successful candidates in PG programme shall be placed in Division as below:

<u>CGPA</u>	<u>EQUIVALENT DIVISION</u>
8.5 and above	First Class with Distinction
6.5 but less than 8.5	First Division
6.0 but less than 6.5 for PG programmes	Second Division

13. Passing Criteria.

- 13.1 **Credit Units.** A student who has earned minimum number of credits prescribed for the concerned programme as per Structure, Curriculum and Scheme of Examinations, shall be declared to have passed the programme of study. Credit Units for each programme shall be decided by the Board of Studies of each Institution and shall normally be as follows:-

	<u>Minimum</u> (Average per semester)	<u>Maximum</u> (Average per semester)
(a) Post Graduate Programme	30	35
(b) Integrated Programme	30	35

Note :- The minimum Credit Units prescribed for a programme shall not include the Credit for Value Addition Courses (VAC)/ Basket courses (BC). However, Passing in VAC/Credit Earned in BC is mandatory. The detailed guidelines for curriculum be developed keeping the prescribed minimum credit unit in mind.

13.2 Important Aspects.

- (a) The weightage of ESE will be 70% and that of Continuous Internal Assessment will be 30%.
- (b) The condition for qualifying separately in Continuous Internal Assessment is not mandatory. However, a student is required to secure minimum 30% marks separately in ESE. Minimum aggregate marks of 40% in PG Courses are to be considered 'PASS' in each Course Unit. These percentages may be modified by the Academic Council from time to time.
- (c) The internal assessment will be completed within the semester and the result will be forwarded to Examination Centre before the commencement of the ESE.
- (d) There will be no provision for appearing in any component of CIE in subsequent semesters. HoI's may conduct make up testes, if required, due to valid reasons, within the same semester.
- (e) The students who are unable to score passing SGPA / CGPA for award of degree/diploma by AUMP because of having obtained Zero mark in the Internal assessment in any course/courses shall be eligible to repeat the internal assessment of the relevant course/courses in the following cases:-
(a) Extended period (n+1) or beyond as the case may be
(ii) Year Back
to make up the deficiency in/of SGPA/CGPA to be eligible for award of degree. Such students shall be required to pay readmission fee of Rs.15,000/- along with 25% academic fee of the current academic year / semester (as applicable) and back paper fee for each course. These students shall be

required to attend the classes for continuous internal assessment and obtain minimum 75% attendance in the course concerned.

- (f) The students who are already qualified in internal assessment of all components as prescribed in the Scheme of Teaching and Evaluation will not be eligible to re-appear for improvement of qualifying score of internal assessment.

- (g) In Internal Assessment, five marks are allotted to attendance as under:-

<u>Percentage of Attendance (%)</u>	<u>Marks</u>
More than 95	5
More than 90 and upto 95	4
More than 85 and upto 90	3
More than 80 and upto 85	2
More than 75 and upto 80	1
Upto 75	0

Note :- There will be no negative marking for attendance below 75%.

- (c) A student whose attendance is less than 75%, whatever may be the reason for shortfall, will not be permitted to appear in the ESE.
- (d) Under extreme special circumstances, VC may condone attendance upto 5% below 75% on the recommendation of HoI / HoD / Dean Faculty.
- (e) Every teaching faculty member handling a class will take attendance till the last day of the class. The percentage of attendance upto this day will be calculated and forwarded to Examination Department by the HoI / HoD for issue of Admit Cards.
- (f) If a student is continuously absent for a period of fifteen days without permission, a notice will be sent to the student and to his parents/guardian.

12 Assessment / Grading System.

- 12.1 The Students who are unable to pay the Examination Fee (for back paper) within the schedule given by CoE may be allowed to pay the fee along with late fee as prescribed by the competent authority. The level of students academic performance as the aggregate of continuous evaluation and end term examination shall be reflected by letter grades on a ten point scale according to the connotation as per Table-A.

- 12.2 **Guidelines.** General guidelines for award of Grades are as follows:-

- Evaluation of different components of a Course Unit for each student shall be initially done in numerical marks.
- The marks of different components viz. internal continuous assessment of course work, practical etc. and end term examinations shall be assigned relative weightage as prescribed in curriculum and scheme of a programme and added. The total marks obtained shall be out of 100 and the same would be converted into grades on a 10 point scale.
- A normal class with a range of scores should be graded by a convenient method and should usually produce a fairly normal distribution of grades.
- Grading will be done on raw score awarded by the evaluator in internal continuous assessment as well as in end term examination.
- In a class of students up to 30, the absolute grading will be used; the minimum cut off for various grades shall be assessed as given in Table C.

- (f) If the marks obtained by the students of a class of more than 30 students are close to perfectly normal distribution curve, the marks awarded to a student in a course unit shall be transformed into normal distribution curve by using statistical method in accordance with Table B to ensure the uniformity in spread of scores regardless of the nature of curricular areas.
- (g) In case the evaluation of a course unit is very skewed, the following action shall be taken:
- The extreme aberrations in the distribution of marks resulting in close clusters on either side will be ignored while calculating the standard deviation and the mean.
 - The close clusters, if any on either side, the bands for awards on grades will be decided manually.
 - The natural gaps in histogram drawn from raw scores will be identified and will be used as demarcation for the various grades.
- (h) "C" Grade shall be decided on a case to case basis keeping in view the consistency of performance, progressive improvement, exceptionally good performance in semester examination, regularity in attendance which may be upgraded to C+ or downgraded to F grade.
- (i) The results, if considered necessary, shall be moderated by a duly constituted Results Moderation Committee.
- (j) The procedure for evaluation and award of grades for Project / Training / Seminar / Comprehensive viva-voce shall be such as may be decided by the respective Board of Studies

12.3 Conversion of Numerical Marks into Letter Grades.

- (a) Classes of more than 30 students: In order to arrive at the letter grades based on relative performance, the total marks in particular course for all the students in the course of more than 30 students shall be tabulated in a descending order list (equivalently a histogram). B+ band usually indicate the average mark. The average student gets B+ Grade (Grade Point 7) and grades are awarded in accordance with Table B.
- (b) Shift the average (mean) from 'B' Grade to 'B+' Grade and accordingly the statistical method to award the Grades will be given in Table B.

TABLE - B

- 12.4 The Semester performance of a student will be initiated as "Semester Grade Point Average" (SGPA). The SGPA will be weighted average of Grade Points of all grades received by a student for all the Course units in the semester. The formula for Computing SGPA is as given below:-

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \dots}{U_1 + U_2 + U_3 + \dots}$$

Note:-

1. Where U_1, U_2, U_3 denote credits associated with courses taken by the Student.
2. G_1, G_2, G_3 , are the Grade Point of the letter grades awarded in the respective Course.
3. An example of these calculations is given below:-
